Amanda Hinson : 100 Beaded Flowers, Charms Trinkets: Perfect Little Designs to Use for Gifts, Jewelry, and Accessories before purchasing it in order to gauge whether or not it would be worth my time, and all praised 100 Beaded Flowers, Charms Trinkets: Perfect Little Designs to Use for Gifts, Jewelry, and Accessories:

1 of 1 people found the following review helpful. Adequate if you want to take the time and figure it out By D Kendra Francesco Seed beads are tiny, so expect the trinkets to be tiny. The author gives you the idea of the size with each pattern; she gives an "actual size" pic (she used 11/0 seed beads). The pattern illustrations are larger for detail. On page 12, she shows what 11/0, 8/0 and 6/0 beads look like in actual size. As has been noted elsewhere, the lack of wire length makes it all guesswork. Not good for those without wire experience, and frustrating even for those of us with wire experience. The trinkets would be better aligned if they'd been made as off-loom bead-weaving, using the square stitch. The wires in these don't lay flat (OTOH, she might be pulling the wire too tight, which leaves the tops and bottoms of the things bowed). As for the patterns themselves, they definitely belong as an "eye of the beholder" thing. I liked only a dozen or so out of the hundred available, but you might like all of them except that dozen or so that I like. 3 of 3 people found the following review helpful. disappointing By B. Roberts It wasn't as versatile as it sounded. But what really surprised me was the amateurish sloppy appearance of the finished examples. I can't remember seeing any other craft books in which the examples didn't look practically perfect. 2 of 2 people found the following review

helpful. Awesome book!!!By CustomerI absolutely love this book!! The directions are easy to follow. You can substitute string for any of the patterns that I have tried so far (you do have to keep consistent tension on string). This book is great for beaders at any level. And there are so many projects to do.

Beads are perfect for making all sorts of tiny treasures: cakes and treats, fruit, flowers, fast food, holiday souvenirs, pets and animals, fairies, and more! This book will show you how to make everything from a tiny tea service, a micro monkey, and some minute flowers to the sweetest little ladybug. No matter what your level of beading experience, you are sure to find the perfect beaded miniature project in 100 Beaded Flowers, Charms Trinkets. Step-by-step demonstrations, from basic construction to more advanced techniques are covered, as well as inspiration for how to incorporate your designs into projects---including jewelry, accessories, and stationery.
