From Mary Carolyn Waldrep : 150 Favorite Crochet Designs (Dover Knitting, Crochet, Tatting, Lace) before purchasing it in order to gage whether or not it would be worth my time, and all praised 150 Favorite Crochet Designs (Dover Knitting, Crochet, Tatting, Lace):

2 of 2 people found the following review helpful. A Dover classic, and a must for serious crocheters. By Avery Gordon This book, and others by Dover, shows patterns and uses for crochet that most modern people have forgotten. That's because these patterns are often over 100 years old, and the photos used to demonstrate stitches and patterns are very, very rich in detail. The delight in discovering that you can actually crochet an intricately detailed, beautiful table cloth, or ornate crocheted dress, that'll be a family heirloom, is simply wonderful. Add that these Dover books are

very, very reasonable in price, and you owe it to yourself to buy them! 11 of 11 people found the following review helpful. One of the Top Crochet Books I Have Ever Worked With By bengalpersian This is the best crochet book I have ever held in my hands. It is such a relief to find a crochet book that isn't geared towards young, inexperienced crocheters or grandmothers with the worst tacky taste in the world. This book is anything but tacky; the designs are elegant, beautiful, delicate (thank goodness!), and many of them are expansive--if you want to do a large table runner, tablecloth, or pair of curtains, you can find those designs in here along with doilies and motifs. I made the beautiful rose motif tablecloth--it took me quite some time, but my ex-boyfriend's mother loved it and it is an excellent testament to the design of the piece that he and I broke up rather badly and she still has the tablecloth on display. Only thing I struggled with was crocheting in double crochet stitches as instructed instead of converting to trebles, as the beginning of the book instructs you to--the first piece I made ended up rather wide and fat. Incomparable value for the money and the results are works of art. 0 of 0 people found the following review helpful. Five Stars By Dina Sequeira I am currently making one of the projects in here, a white bedspread for the summer next year.

This rich treasury of popular crochet designs, selected from vintage thread company leaflets, includes 150 patterns favored by crocheters during the first half of the 20th century. Included are eye-catching designs for creating a host of attractive domestic accessories: tablecloths, bedspreads, doilies, edgings, and other pieces. All designs are accompanied by a complete list of necessary materials, while detailed row-by-row instructions guide beginning and advanced needleworkers through each step of the crocheting process. Choose from heirloom-quality patterns including lovely lace edgings that will bring a touch of glamour to table linens, bedcovers, and the necklines of sweaters and blouses. You'll find a simple yet elegant Main Line tablecloth, revealing a charming filet-crochet motif of floral and foliated designs; a splendid bedspread composed of dainty diamond- and octagon-shaped motifs; and a wealth of other attractive patterns. With this inexpensive collection at your fingertips you can be sure of finding the project that's just right for you. Best of all, expert instructions make it easy to create beautiful crocheted pieces you'll cherish for years to come.
