Then I found another, and another and soon a "collection" was in progress. Now my daughter assists me in making these charts available as PDF downloads via Etsy, and our own online shop: shop.whatsheaidstitches.com When I was developing this collection I envisioned a craft project for a group of young women, who would discuss the words as well as the women who spoke the words. However, many men also cross-stitch and more and more men are identifying as feminists, and I hope they too will enjoy these projects. It would also please me to know if women, like myself who first identified with the feminist movement in the 1970s and 1980s, buy these patterns to make items for their daughters and granddaughters. About the Author We're immortalizing the words of strong women, one stitch at a time.
