Tim Holtz : A Compendium of Curiosities by Tim Holtz Idea-ology, 76 Page Book, TH92826 before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Compendium of Curiosities by Tim Holtz Idea-ology, 76 Page Book, TH92826:

1 of 1 people found the following review helpful. More of an inventory of Tim's products but still very beautiful By Telebomb This book is filled with mixed-media porn. I loved looking through it very much. HOWEVER, there was not much instruction contained in this book and I felt compelled to buy more product. I don't open this book much anymore and it would have been better to check it out from the library. It won't be a reference for you. Tim's videos are more helpful. Loved beautiful pictures a full scope of Tim Holtz products Did not Love insufficient instruction as to how to use the tools and products seems more like a catalog I still like having it around - it is beautiful! 50 of 53 people found the following review helpful. A Tim Holtz Catalog By Serra55 If you want to know what Tim Holtz has for sale and how to use it, this is the book for you! I found out what to do with most of the products he sells, and it was informative. Better was the part about how to create using his inks and powders. However, the instructions lasted one page maybe, and I felt that they were abrupt and not descriptive. These two parts to the book, the description of his products and the very abruptly written instructions for using his inks, etc, are why I perceive his book to be more of a

catalog than a book. I was disappointed with the book. I expected a real compendium of curiosities that would inspire me and get me going with my art. This did not happen with this book. Frankly, his videos are better. I would not buy this book if I had it to do over again. 2 of 2 people found the following review helpful. Great Book! By Myra Skidmore If you've ever bought some of those metal trinkets or plastic goodies to add to your scrapbook pages, and then got home with them and didn't know what to do with them, this is the book for you. It covers everything!!!! You'll enjoy all the easy-to-follow directions and step-by-step photographs. This book works for all experience craft lovers -- from beginner to intermediate to pro. Spend some time with this book and then run to your craft room to use some of the techniques yourself!!

Get ready to embark on a journey filled with ideas and inspirations to spark your creative curiosities. This book is a compilation of tim's thought and ideas to guide you through your own artistic adventures.
