Maria Diaz : Cross Stitch Motif Series 5: Landscapes: 50 New Cross Stitch Models before purchasing it in order to gage whether or not it would be worth my time, and all praised Cross Stitch Motif Series 5: Landscapes: 50 New Cross Stitch Models:

2 of 2 people found the following review helpful. Motifs for cross stitchBy D. C. MayTook a chance on this motif book. Am always looking for motifs representing cities and landscapes. Some of these patterns are perfectly sized, but others are either too large, or too busy. I will be a good addition to my cross stitch library0 of 0 people found the following review helpful. This is a great book with lots of illustrationsBy Kindle CustomerThis is a great book with lots of illustrations. I would recommend it to anyone who does counted cross stitching!2 of 2 people found the

following review helpful. Very good piece if you want to make small to medium ...By Ian SchechterVery good piece if you want to make small to medium size work that actually looks good. To many modern books have a lot of hokey junk this dose not.

Each title in the Cross Stitch Motif series contains dozens of themed borders, small and large images, and samplers to inspire an endless array of stitching projects. Easy-to-follow color charts and a color pattern key for each page make each book a useful addition to every design library. From quaint cottages and luscious gardens with an array of colorful flowers to coastal shorelines and archways on a secluded city street, this collection of cross-stitch patterns provides crafters with numerous landscape patterns to inspire their work. An ideal companion for anyone who wants to create decorative cushions or home dcor, these larger patterns of coastal vistas and tropical splendor capture beauty found throughout the world.
