Do Not Waste Your MoneyBy BabyGirl26I was very disapointed when i bought this book, i was expecting to make a lot of cool things, i did not find one item that i was interested in making. They show a lot of decorating on flower pots, picture frames, watering cans, lamps and boxes. The only idea i got from this book was when they cut out different pictures and decorated the dresser's drawers with a different picture from a magazine. It had a really cool effect look to it. Other than that, i am sorry that i ever purchased this book, Do not waste your money !! I will be selling it on ebay very soon !0 of 0 people found the following review helpful. Five StarsBy Leonard C. FisherIt arrived on time and has given me ideas to redo some small furniture.

Taking only scissors, glue, some old magazines or greeting cards, and this book, you will quickly be on your way to creating more than 50 fantastic and useful projects, from a romantic jewelry box to a colorful watering can.
