Ann Benson : Designer Beadwork: Beaded Crochet Designs before purchasing it in order to gage whether or not it would be worth my time, and all praised Designer Beadwork: Beaded Crochet Designs:

0 of 0 people found the following review helpful. Five StarsBy RB in WYGreat bead crochet1 of 1 people found the following review helpful. Not as happy as I would have like with the designs.By ArtGirlBought this for my aunt who wanted more designs for beadwork. But the actual designs were not all that great and many appear to be too 'far out' for older people. My aunt also said the instructions were a bit lacking as she did try several of the designs. Overall she was not too happy with this book. Because this was a gift for her I felt really bad for her! I thought I had picked out a great book but it turned out not to be the case. Might be good for younger people who like really unusual beaded crochet work.0 of 0 people found the following review helpful. Helpful and just what I neededBy fitnessjunkyI bought this for the instruction more than the patterns. This gave me enough pointers on technique and finishing that I was able to complete my first, and very complicated, bead crochet piece without too much trouble.

It's the newest thing in crafting, a hot mix of crochet and beadwork. These more than 50 projects for necklaces,

earrings, and bracelets are all marvelously easy to make, using only the most basic stitches. Surround cabochons with a netting of beaded crochet to form the Opal or Stone Pendant Necklaces. The Pearl Frenzy necklace features freshwater pearls threaded into a chain-stitched design. For a matching set of jewels, try the Pretty in Pink or Snake ensembles. Each project includes color graphs and diagrams, and there's plenty of information on stringing techniques, selecting the best fibers, combining different sizes and types of beads, and troubleshooting. A Selection of the Crafters Choice Book Club.
