**M. Lambeth : Discovering Corn Dollies (Shire Discovering)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Discovering Corn Dollies (Shire Discovering):

0 of 0 people found the following review helpful. Five Stars By Tom Swift Very useful research

Corn Dollies have played a significant part in rural folklore all over the world. This book explores some of the ancient

myths behind the making of straw figures, such as the belief that making offerings to the gods would ensure a plentiful harvest. Key techniques of straw plaiting are explained and illustrated, and many of the traditional designs of the dolly, as well as some modern examples, are described.

About the AuthorThe late M. Lambeth was an expert on both the history and design of Corn Dollies.
