I found this book to be very helpful in knowing how to better grow the plants and keep them healthy. By Carol MaresI found this book to be very informative. Since converting to succulents these past few years, I found this book to be very helpful in knowing how to better grow the plants and keep them healthy. After I received the book, I started thumbing through it, then found myself reading it from cover to cover. The pictures and ideas are very good. I've tried several of these ideas with great success. I would recommend this book as a gift to yourself.2 of 2 people found the following review helpful. Awesome for the coffee table-book. By JAKAAwesome for the coffee table-book, but also has simple to understand concepts and is full of great ideas with inspirational photos.

As featured in The Washington Post Dig into dozens of stunning succulent creations! Go beyond the garden to create succulent projects that take center stage in any space. *DIY Succulents* shows you how to use beautiful and resilient plants like echeveria, sedum, and graptopetalum to craft nature-inspired home decor like rustic tabletop centerpieces and breathtaking wall art. Each page offers details on selecting the right plants and containers for the project, assembling a gorgeous arrangement, and maintaining the garden as it grows. With step-by-step instructions, gardening tips, and dozens of ideas to choose from, anyone can create imaginative succulent crafts like: Living Wreath, Birch Log Planter, Terrarium Necklace, Topiary Ball. Complete with photos and plenty of inspiration, *DIY Succulents* will help you add creativity, color, and personality to every room in your home.

"The photography throughout is stunning. Daigle has created a charming collection of projects that are repeatable and may serve as inspiration for heightened creativity. A delightful, elegant book highly recommended for all collections." --Library Journal, Starred "Succulents are having a long moment in the sun. Now they are the subject of a new book, *DIY Succulents*, which shows how you can use these low maintenance, super cute plants in many ways. There are especially interesting ideas on using hardy succulents as decorations for the upcoming fall and winter holidays." --The Washington Post
