I especially enjoy the women's knitting circle and now want to learn to knit and join a club myself. Please keep them coming. One of the best series I have ever read and I am an avid reader of suspense and mystery.0 of

Simple and fun and still mentioned knitting and fiber and fun things.0 of 0 people found the following review helpful. Meh bookBy DulceUnderdeveloped, silly plot, mediocre writing.The author seems to believe that every act of speaking needs an action verb other than "said" (e.g., "chortled," "gasped," "bellowed," etc.). They teach you not to do that in Writing 101. I bought the book mainly for the advertised knitting patterns. There are two, both very simple and unattractive.

The first two books in the national bestselling Knitting mysteries- Knit One, Kill Two and Needled to Death. In Knit One, Kill Two, Kelly Flynn returns to Colorado for her aunt's funeral only to suspect that the woman's death was not an accident. With the help of the knitting regulars at House of Lambspun, Kelly's about to get a few lessons in creating a sumptuously colored scarf-and in luring a killer out of hiding. In Needled to Death, Kelly visits her friend Vickie's alpaca farm, and finds her splayed out on her original hand-woven rug, blood seeping into the design. Kelly can't resist investigating-even if it means taking a break from the sweater she's been knitting in the round.

About the AuthorMaggie Seftonis the author of theNew York Timesbestselling Knitting Mysteries. She was born and raised in northern Virginia, where she received her bachelors degree in English literature and journalism. While Sefton has worked as both a CPA and a real estate broker, she feels that neither of those endeavors compare to the challenge of creating worlds on paper. She is the mother of four grown daughters, currently scattered around the globe, and resides in the Rocky Mountains of Colorado with two very demanding dogs.
