Only problem may just be user error, I had a hard time getting the entire image to transfer. It really could just be that I didn't have the iron hot enough. Otherwise, I am very pleased for buying this blind! I wanted to include pictures so others may have an idea of what is inside. Really, quite gorgeous and intricate patterns!Beautiful! Thank you so much!2 of 2 people found the following review helpful. Excellent imagesBy NaiasFantastic, better than expected. The images are very interesting clear. I'm excited to give these a try. So much nicer in a book format than a large folded page.1 of 1

people found the following review helpful. intricate designsBy franklynni only liked one of these patterns (the thistle) but i got it to bead, not embroider- with beads you can only get so much detail and the designs are a bit too intricate for that. probably good for embroidery though!
