gauge whether or not it would be worth my time, and all praised Elementary Sewing Skills:

1 of 1 people found the following review helpful. Highly recommended By k eschenberg Terrific book for a beginner. I
have other beginner books, but they seem to assume prior knowledge. This one is well-written, a pleasure to read, and
assumes you are starting with no prior knowledge. I admit that I have some, but this fills in some gaps in it. 2 of 2
