Lana May and her friends : Mixed Media Jewelry Techniques before purchasing it in order to gage whether or not it would be worth my time, and all praised Mixed Media Jewelry Techniques:

7 of 7 people found the following review helpful. Mixed Media Jewelry Techniques By Lydia F. Borin Mixed Media has always been of interest to me. Once you learn beading, crochet, knitting, weaving, embroidery, etc., you begin to wonder, "What if I combined some of these craft techniques together?" Lana plus her 10 designer friends, a group of very talented artists, bring nine mixed media projects together to give you a taste of each craft technique, how to combine them together for a whole new look, and new directions for experimentation. Some projects are for beginners and others for those with some experience in one of the combined mediums. The book is in full color, and all photo illustrations are clear, large and easy to follow. Each project has a step-by-step approach to easily comprehend how to make each piece and combine them. You will find chain maille, wirework, beading, bead crochet, macram, polymer clay, PMC, fusing beads to combine for jewelry (requires a torch, not for kids without parental guidance), combining
