The Ladies of Mischief LLC : Needles and Artifice before purchasing it in order to gauge whether or not it would be worth my time, and all praised Needles and Artifice:

The directions are easy to understand, the pictures show a great amount of detail, and the patterns are cover a wide range of sizes. As a plus size woman it's hard to find patterns that are sized for me, and I thought I would have to do a lot of number crunching to resize some of the sweaters. The designers did a wonderful job making sure to cover sizes x-small through 3x, with clear directions on how to resize if you don't fall into any of those size categories. I can't wait to knit all the patterns. 0 of 0 people found the following review helpful. I love every pattern in it By Jennifer R. Fabulous book! I love every pattern in it, the photos are GORGEOUS. I'm working up one of the patterns already and every one of them appears to be well written and tested. 2 of 2 people found the following review helpful.

CreativeBy Kindle CustomerThis is a very unique book. The patterns, the photography, the models...and the story are all very creative. I doubt there is another knitting book like it. A must have.
