**Celeste Plowden : Noah's Ark Laser-Cut Plastic Stencils (Dover Stencils)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Noah's Ark Laser-Cut Plastic Stencils (Dover Stencils):

2 of 2 people found the following review helpful. Not too exciting By Kindle Customer I was disappointed with these stencils. There was not much variety and the stencils just aren't very cute! They are all quite small, as well.

This irresistible collection of laser-cut plastic stencils comes with easy-to-follow instructions for simple applications, making it a breeze for you to illustrate the timeless tale of Noah and his ark. Eleven whimsical images include animals a rhinoceros, ram, zebra, cow, giraffe, horse, elephant, and camel and the ark itself, with a dove, and the caption Noah's Ark. Laser-cut for sharpest detail and greatest durability, these stencil patterns will brighten up posters and signs, walls, floors, and furniture. They're ideal for use in children's rooms and classrooms, and they're so easy to use

that little ones will love tracing the figures to create their own vignettes.
