**Neal Zimmerman : Taunton's Home Workspace Idea Book (Taunton Home Idea Books)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Taunton's Home Workspace Idea Book (Taunton Home Idea Books):

More than 50 million Americans work at home and the work they do is as varied as the houses they live in. This fresh take on home workspaces looks at a wide range of designs that suit some unique employment needs -- from a daycare center to a dance studio. 50 drawings and 300 color photographs are included. "The book is a must ... full of practical but imaginative guides and information." -- Cincinnati Enquirer "Architect Neal Zimmerman frames dozens of ideas for stylish and ingenious conversions of the spare spot to work center." -- Associated Press
