Carol Sampson : Techniques for Estimating Materials, Costs, and Time for Interior Designers before purchasing it in order to gage whether or not it would be worth my time, and all praised Techniques for Estimating Materials, Costs, and Time for Interior Designers:

The first edition of *Estimating for Interior Designers* quickly became the bible for interior designers everywhere. This completely updated and revised edition provides all the basic, nuts-and-bolts information readers expect, along with all-new sections on faux finishing, including trompe l'oeil; Roman shades; and using upholstery fabrics for drapery and bed coverings. There is also a completely new chapter on hard floor coverings, including marble, stone, wood, painted canvas, and vinyl. Of course, all materials and labor cost figures have been updated.
