Frank Philbrick, Stephen Philbrick : The Backyard Lumberjack before purchasing it in order to gage whether or not it would be worth my time, and all praised The Backyard Lumberjack:

2 of 2 people found the following review helpful. This book was exactly what i needed. I'm from ...By J. voronovich This book was exactly what i needed. I'm from NYC and moved upstate to a house in the country with a wood stove. Heating oil was expensive, but wood was free and plentiful if you knew how to cut it. This book helped me to cut down trees and heat my house safely and effectively. A must for anyone who wants to harvest trees safely and effectively. 0 of 0 people found the following review helpful. Good book, but some info on felling did not ...By Nickola Spina Good book, but some info on felling did not follow the pictures, so it was difficult to visualize the process. This book is worth a read but check the info with a experienced chainsaw user before following the info. No replacement for working with someone who is well versed in the use of a tool like a chainsaw. 2 of 2 people found the following review helpful. Great Read! By Sleve Great read for those looking to start home heating with wood or for anyone that likes to read humorous family stories. The stories are great and the description and examples of tools and products are very good. Even if you are an expert there is something to learn in here. Great Read!

Whether you're splitting a cord of wood for your fireplace or managing acres of woodland, *The Backyard Lumberjack* provides plenty of practical instruction and firsthand advice. Familiarize yourself with the proper equipment and safety gear, then learn how to fell, buck, split, and stack your own wood supply for the season. Veteran lumberjacks Frank Philbrick and Stephen Philbrick cover everything you need to know to bring a tree from the forest to your fireplace, safely and effectively.

"covers getting trees from forest to fireplace with such enthusiasm that you'll find yourself hankering to swing a maul." Mary Beth Breckenridge, *Akron Beacon Journal*, Nov. 11, 2006
