James West Davidson : The Complete Home Lighting Book: Contemporary Interior and Exterior Lighting for the Home before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Home Lighting Book: Contemporary Interior and Exterior Lighting for the Home:

In this comprehensive, thoroughly up-to-date guide, good lighting design for the home, both inside and out, is made brilliantly clear. Included is information on international wiring and electrical standards, plus an international resource list of major suppliers. 100 color photos. 150 color illustrations.
