Our family name is Wentworth and when I saw this series on our local PBS I had to get this for her (the series was not shown in her area). Was looking for the DVD of the series, but (so far) it's only available in the UK. This was the next best thing for her to see Wentworth Woodhouse.0 of 3 people found the following review helpful. Nice looking bookBy MarnieMore for architectural fans.

Dan Cruickshank uncovers the secret history of six of Britain's greatest private country houses, each never-before seen on television, and none open to the public

"Cruickshank's fascinating book is an eloquent advocate for history as encapsulated in these houses. It is refreshing in its enthusiasm, and makes a fervent plea for families, wherever possible, to remain the true, continuing and discriminating protectors of our national inheritance." Spectator
