Rosalind Creasy : The Edible Mexican Garden (Edible Garden) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Edible Mexican Garden (Edible Garden):

3 of 3 people found the following review helpful. ExcellentBy Gra-na-naAll of the books in this series (there are 10) are terrific! I used the instructions and guidelines and had a lot of success. Neighbors love me! The recommended plants and recipes were very flavorful - well received by my family. Each year now, I will plant one each of her 'gardens', as I have for the past two years.2 of 2 people found the following review helpful. Good, but few surprisesBy DanaGreat pictures and a valuable intro to Mexican herbs. But the book seems dated, perhaps because the "food revolution" has introduced us to a wider range of plants from various cultures.1 of 1 people found the following review helpful. Four StarsBy Dina SequeiraNow I know how to plant chayote squashes.

The most unassuming of garden vegetables from your garden- corn, beans, peppers, greens, and onions- are

transformed into traditional and contemporary Mexican dishes and delicacies to awaken the palate and entice the eye.

"If any one person can be credited with elevating the status of the vegetable in American gardens, it's Rosalind Creasy." -- Garden Design
About the Author
Rosalind Creasy, a noted gardening authority, is the author of *The Complete Book of Edible Landscaping*, which won the Garden Writers of America's "Best General Book" and *Cooking From the Garden*. A landscape designer and expert gardener, she is also the contributor to several major gardening magazines, including *Country Living* and *Gardening*. Creasy resides in Los Altos, California.
