Linda Mentze : The Feminine ToolKit: Every Woman's Guide to Tools and Home Repairs before purchasing it in order to gage whether or not it would be worth my time, and all praised The Feminine ToolKit: Every Woman's Guide to Tools and Home Repairs:

0 of 0 people found the following review helpful. Only for those who know nothing about home repair
By Vivian Feltz
For me this book was remedial. I was hoping it would tell me more advanced info. However, it is great for those who use butter knives to turn a screw.

Want to learn how to make or repair things yourself? Introducing *The Feminine ToolKit: Every Woman's Guide to Tools and Home Repairs*, the comprehensive, easy-to-understand handbook for today's capable woman. *The Feminine ToolKit* is a sassy masterpiece of brevity and wit, making it a fast and easy read. The illustrations make it simple to know what tools and fastenings to buy, what the projects look like and how to build them. This little book is brimming with high-value tips, like how to avoid damaging your manicure while using a hammer, and why you should decorate naked (yes, you read that right!). From hammers to power tools, nails to screws, safety tips to brand and shopping recommendations, you'll get to know what the various tools are for and when and how to use them - without blowing your budget. Repairing? Crafting? Wallpapering or painting? Or simply changing fuses, bulbs or doorknobs? You've got Linda by your side, laughing with you and guiding you every step of the way. This book is a must-read for the meek gal and the brazen babe alike! Includes a glossary and even a shopping chart for your convenience.
