Best Book on Hampton Palace/Gardens By Sherrill A hard earned lesson I have learned is when traveling to Europe or Asia notice all of those gorgeous hardbound books for sale everywhere then buy them when returning home from websites. I used to ship them all home still enjoy them when I need a "fix" but I finally got smart! Especially now with luggage being weighed having to pay the price (the worse is on inter-Europe flights!!) ....this book was one I saw in the gift shop at all of the British Palaces it is fantastic. The photography is the best I highly recommend it. I visited with my daughter cousin this captures forever my wonderful day at the royal's Disneyland!!! Even has costumed people strolling around speaking a la 1500 English.....0 of 0 people found the following review helpful. Five Stars By Guillermo Elias Good book. Good text, fine paper, nice color photographs. 0 of 0 people found the following review helpful. Five Stars By Trey Granger Wonderful review of Hampton Court.

Hampton Court Palace has the finest Baroque park and garden layout in Britain. Set within 2,000 acres of parkland and bounded on its south and east sides by the River Thames, the historic landscape possesses a rich overlay of garden improvements from the early 16th to the 21st centuries. This book explores the history of this landscape. Among the many themes it addresses are the role and impact of patrons, designers and estate workers; planting and horticultural techniques; statuary, fountains and other garden ornaments; and maintenance and conservation. The photographs by Vivian Russell that accompany the text constitute the most comprehensive topographical survey of the palace's gardens since the late 18th century.

... useful for serious enthusiasts of garden history, and also provides a pleasant look at these famous gardens for the more casual garden reader. Both of these audiences cannot fail to be drawn to the comprehensive mix of illustrations, ranging from those of the 16th century to colourful photographs of Vivian Russell. Rather like Hampton Court Palace itself, there is something for everybody and no-one will be disappointed.
